user 29 label a, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label c, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label d, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label e, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label g, window size = 10
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label h, window size = 10
user 29 label j, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label l, window size = 10
user 29 label m, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label n, window size = 10
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
user 29 label p, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label q, window size = 10
user 29 label r, window size = 10
user 29 label s, window size = 10

Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label t, window size = 10
user 29 label u, window size = 10
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label v, window size = 10
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label y, window size = 10
Average distance to the medoid

Standard deviation of the distances to the medoid

Duration

user 29 label z, window size = 10
